OUR STORY THROUGH SOUNDS, EMOTIONS, REACTIONS, AND MORE.

The new school year brought out things that had been tucked away during the pandemic. The sights, sounds, and emotions of the student body that had been hidden behind masks and Zoom screens during COVID-19 emerged. We came back to life and so did the vibrancy of our school.

As school began on August 30, our voices reverberated in the hallways again. From chattering students and teachers in classrooms to record breaking seasons on the field and jaw-dropping performances on the stage, life returned to our school. The hubbub of opening day held promise of an exciting year to come.

Oh you thought that was it?
Just wait until you hear our stories.

LIFE

Walking from class to class through the Quad, between the Commons, or into the mods, you can sense the intensity and positive energy of the students.

You might hear the Junior Class Council selling tickets to an event to raise money for the upcoming prom.

Maybe you're on your way up to the second floor in the Main Building as Singing Valentines are belting out a tune to a student in Mr. Tabatabaie's class.

You might even be minding your own business in the Quad when all of a sudden the Class of 2023 participates in the annual senior scream, letting out all their stress before their high school careers come to end.

Our school is a vibrant and dynamic community where we make our voices heard in many different ways. Whether you hear the music we make, the questions we ask in class, or the noise we make in the hallways, when the school bell rings our joy and enthusiasm infuses the campus. If you listen, you will hear us in many different ways...

HEAR OUR SUMMER

SOUNDS FROM OUT OF THE TOWN AND IN THE TOWN

Left: Leo Qian (11), Aditya Gulati (11)

"Despite being a high school student, getting the chance to unwind does come around sometimes, usually in the summer. Keeping up with friends, developing myself, and gradually growing, not academically but mentally, is what summer is all about! And even if you're a hard-core work maniac 24/7/365, a day of messing around with plastic knives, cake, and friends, is always a day to enjoy."

Aditya Gulati (11)

Left to Right: Anubhav Shelat, Aniketh Shelat, Giancarlo Zaniolo who were YOG 2021 alums who were on the swim team and Anna Zaniolo (12)

"Over the summer, I enjoy going open-water swimming at Walden Pond. I also really like biking, so friends and I created a bike route that passes near each of our houses which enables us to bike to the pond as a group. We swim about 2km across the pond and I find that it is a great way of cooling off in the summer."

Anna Zaniolo, 12

"Even though we went to many exciting places and tourist attractions, my favorite part of the trip would have to be enjoying my brother see all of the things he's always wanted to. My older brother Ryan has autism so it's difficult for him to enjoy vacations that aren't related to things he likes. For example, as a family, we never go on a long relaxing beach vacation or one where we only look at historical sites and museums. Although this can be difficult, we found a place where the whole family, including Ryan, absolutely loves; Disney World! Ever since I was two years old, we take at least one trip a year to the most magical place on earth, in Orlando, Florida. During the summer of 2022, my family decided to take our first trip all the way out to California and visit Disneyland.

Seeing his eyes light up and being able to enjoy Disneyland as much as Disney World was so special to me."

CLOSING SUMMER AND OPENING SENIOR YEAR

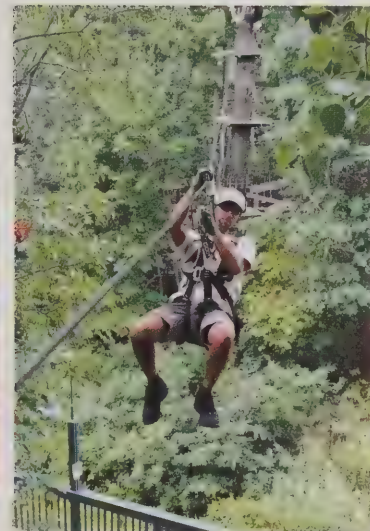

1. Class of 2023 organized Senior Sunrise to start the school year, to celebrate the last day of August and the first day of school. At 5:30 AM, seniors gathered at Robbins Farm Park in Arlington, otherwise known as the Skyline Park. Some brought blankets for morning chills and snacks for empty stomachs to the park to enhance their experience. Taylor Cooper (12), Vivian Kerr (12), Leia Taig (12) took a photo on the top of the hill. Cooper said, "Senior sunrise was so beautiful because it was rainy to begin and I think that really encompassed everything this class has been through throughout COVID-19 and it cleared up and the sky was an even more beautiful color."

INSIDERS INTRODUCE
FRESHMEN TO THE
CAMPUS

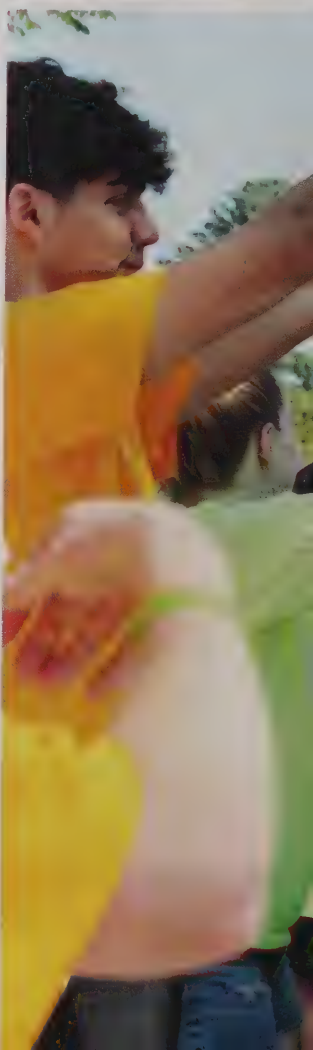

In their neon green shirts with "Ask Me!" written in big blue letters on their backs, Peer Mentors helped freshmen on their first day of school. Mentors led tours for freshmen, guided lost visitors, and answered general questions about high school life.

When the first day was over, the Peer Mentors turned their attention to planning the freshmen dance. One of the mentors, Laura Yoo (12) said, "Organizing and helping out at the Freshman Dance was honestly so much more fun than I thought it would be. When we were planning, I remember sitting with the other Peer Mentors and our advisor, Ms. Martha Queenin, and we were worried that not enough freshmen would come or that they wouldn't enjoy it. Up until the night of the dance, I was basically begging my sister who is a freshman to come to the dance with her friends and all I got was a response, 'We'll see.' We decided to just do our best to set it up and see what happened. A lot of the feedback I got from the freshmen afterward was about how they felt less awkward in the school and with starting to talk to new people. even my sister ended up saying she was glad that she ended up coming with her friends because they thought it was pretty fun."

3. Lead Dancers
Hannah Connolly (11) and Laura Poo (12) dance to encourage freshmen to join them on the dance floor. Poo said, "Initially, at the dance, all the students besides the peer mentors basically kept to the sides of the room, which makes sense because no one wanted to be the first ones on the dance floor. It took a little while for us to get them to come start dancing to the music but once we got people started everyone joined in and it was a lot of fun to just float around and dance with them and the other peer mentors. By the end of the night, it felt like everyone was having a good time so that was pretty gratifying for all of us who worked hard to set up and manage the event."

4. First impressions

PEER MENTORS ORGANIZE A FRESHMAN WELCOME DANCE

FRESHMAN VIBES

Peer Mentor Nathan Lin (12) said, "The main focus of the dance was to create a welcoming and chill environment for the current ninth graders to get to know the classmates they will be spending the next four years with. At the same time, we tried showing that LHS can be a fun and social environment, contrary to the beliefs that most freshmen come into school with. Personally, this aspect of being a peer mentor is what I most enjoy: being able to enable entertaining, relaxing, and social interactions to ease students into a new environment. This is likely why I enjoyed the dance so much. Watching the freshmen slowly come out of their shells to dance and enjoy themselves made the embarrassment of my terrible dancing totally worth it. I hope that in the future, they will continue the Peer Mentor tradition of hosting the Freshman Dance to do the same for the classes to come." A freshman who attended the dance, Ranini Koonkanchi (9) said, "It was really exciting and the food was good."

DID YOU HEAR ABOUT THAT CLUB? LISTEN TO THE BUZZ IN THE QUAD

On the last day of September, Freshmen and Sophomores were released from their first and second block classes to visit the Activities Fair in the Quad where over 150 clubs were represented. Shouting club leaders tried to beckon the underclassmen to their booths where they did their best to persuade them to join up. Some even offered treats to sweeten the deal.

As people stopped by the booths, leaders explained the purpose of their clubs and their activities. Hawraa Hasan (12) was a leader of the Middle East and North Africa (MENA) Club. Hasan said, "I think that organizing this club is important for the community to be able to recognize and understand our religion to teach other people. My experience is fun and amazing because we have club dinners and we enjoy our conversations as we explore new topics to discuss. This club helped me meet new people from my religion and where I come from. I've always wanted to talk with people that share the same interest as me. I joined last year when I was a junior from my alumni and they helped me feel comfortable and letting me out of my comfort zone. It's a feeling that's hard to describe but I'm glad I was able to be part of this journey. I hope this club grows and has many people to join and organize many events as a community."

Zeng said, "Organizing for the club fair was great. Phoebe and I made the poster together and we had a success at this year's club fair for gathering quite a few new members. In the Songwriting club we collaborate, produce, and arrange music together. Our activities range from brainstorming prompts to workshops to performances. The reason why Phoebe and I started the club was to provide a space for people who share the interest of writing songs and just a way to bring the music lovers in our school together."

discovery DAY

Discovery Day is the town's Activities Fair. Held on October 8, businesses showcased themselves in the Center. It was the perfect opportunity for students to volunteer to man the booths, talk to fairgoers and more. Sanjana Gudipati (11) said, "I worked for Il Casale on Discovery Day and it was such a fun experience. I met so many new people, tried new cuisines, and got to spend time with fun people. Discovery Day changed my perspective on how much my town has to offer. I'm grateful to live in a town with so much diversity."

"I found my experience at Discovery Day to be very educational and full of connecting with many new people. I was volunteering with the League of Women Voters, helping people registering to vote and helping people my age pre-registering. It felt good helping people out and bringing awareness [of] voting importance and voter turnout with people our age and getting people to be more involved with our local politics. Halloween is a time for spooks, scares, and screams. The Students Against Destructive Decisions (SADD) Club took this opportunity to host a haunted house fundraiser at the Lexington Community Center on October 29. Club volunteers transformed the building into a spooky space and participants were treated to pumpkin decorating and snacks courtesy of the Community Center. Vikram Anantha (11), said, "Volunteering for the haunted house was a hauntingly good time. I'm proud to have been a part of the team that brought scares and screams to our school community. Memories of the spine-chilling fun we had will haunt me forever. I think we were able to pull off the house very well so I would consider it a spooky success."

The Asian Student Union (ASU) holds an annual Asian Night in March where students can showcase their Asian culture through song, dance, and more. Sathivik Appana (11) said, "The way everything was pulled off, even with some minor hiccups in the beginning, was definitely worth the money. The fact that all of these students volunteered their time to put on the show just puts into perspective how much our school cares about our diverse cultures. I cannot wait until next year's show."

DID YOU HEAR THE SONGS IN ALL THE A CA-PLACES?

Performances are the best way to see our school's art. Our school has about a dozen a cappella groups, the newest of which is Malarkey. "We are so proud that Malarkey finally became official this year," Malarkey member Ananya Singh (12) said. "Even as a new group we already have so many group traditions like our pink fuzzy socks for Jam, Goldfish and trail mix at every rehearsal, and baking cakes for birthdays. It has been a journey but we think we really proved ourselves at our first jam and we can't wait to see where the group is headed in the future." One of their biggest performances every year is Getaway, a Christmas concert on the last day of school before winter break. Unfortunately, this year, the last day of school was canceled due to a weather advisory so Getaway was pushed to Jan 12.

1. **Newest Members** Sophie Liebman (12) sings as a member of Malarkey, the school's newest a cappella group. Liebman said, "Fall jam was really exciting as it was our first jam as an official group. We chose to add a little dance element to pair with our song 'The Locomotion'. Singing for the whole auditorium was pretty nerve-racking but everyone is always so supportive at Jam so I ended up having a lot of fun- especially with the dance."

2. **Get the shot:** A parent takes a video of the chorus concert in the Auditorium.

3. **First time performers:** Sahana Behera (11) and Anvi Patel (11), captains of the Bollywood Dance team, perform a dance at The South Asian Student Association (SASA) night in January. Patel said, "Since it was our first ever performance as a team, we were all really nervous and excited, not knowing what to expect from the audience. However, it ended up being a crowd pleaser and I think [we] rocked our first dance as a team."

4. **Show your talent:** Aria Rana (12) solos for the a cappella group Guacamole in the NHS Talent Show

5. Pitch Perfect Annie Smith (12) sings "Where I Stood" by Missy Higgins during the Getaway Concert which due to a snow day did not take place until after the New Year.

6. Group effort Naveen Kothandaraman (12) sings as a part of the big group at the end of Getaway.

TELL ME YOU HEARD THE GETAWAY CONCERT

"Getaway was so much fun. Even though it was awkward singing a Christmas song in mid-January, the audience was fired up and we all had such a great time singing together. It was challenging to pull together our song in such a short amount of time but we managed to remember our parts and I think we sounded really cohesive."

Izzy Baron (11)

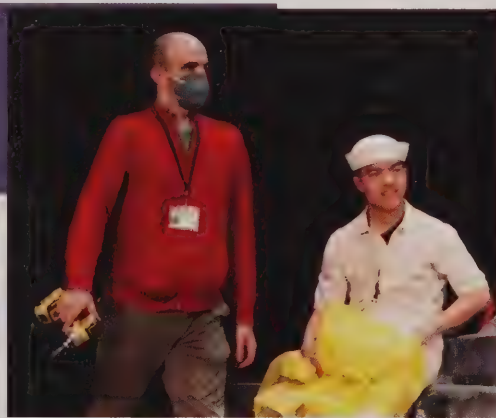

The TEMPEST

1. Prospera's Story

"Somebody once asked me why I do theater. I'm sure they expected me to say I do it for the praise, the applause, the resume boost. But that couldn't be further from the truth. I do theater to tell stories, the stories of people brave enough to put their words and their ideas out into the world. But telling a story is more than speaking words. Before I step on stage to sing or deliver a monologue, somebody sits down and writes a script. Somebody designs and builds and paints a set. Somebody constructs props and sews costumes. And that's just scratching the surface. Every story that gets told in every theater is the product of countless hours of work from countless people. It is not just one person. It is not just the actors. In every production I have done at LHS, no matter the size of my role, I have been privileged enough to work with the most brilliant, talented, and incredible human beings I've ever met. These people are my family, always waiting with a smile, a hug, and a pep talk when I need them. They have taught me so much about the world I want to build and the person I want to be. And with them, within our community, I have found my spot at LHS, the place where I belong. There was this one scene in *The Tempest*. Act 4, Scene 1. And I don't know what it was about this scene but we could not get through it without bursting into laughter, the intense kind of laughter where your face turns bright red and your eyes water and you think you might throw up. It got so bad one time that Mrs. Singer-Wong [Director of the *Tempest*] told us to take a break and run around the Quad or something, which we did. But then we came back and tried again and we just couldn't do it, we just kept laughing and laughing. And then we went to block it on the stage and she was like, 'okay guys for real this time no laughing.' We got through the whole scene without laughing but I still can't think of that show without thinking about how hard I was laughing that day and how happy I was."

Did you hear those songs? VALENTINES

1. Picture Perfect: Anne Smith (12) and the group that delivered her Singing Valentine look for approval from the classroom teacher.

2. Circled: Carina Murphy (12) receives a Singing Valentine from a friend.

Every year on Valentine's Day, most classes have at least one Singing Valentine group perform a song for a student in that class. He, she, or they becomes the center of attention for about two minutes while an a cappella duo, trio, or quartet encircles them and sings a love song sent by an admirer. One of the singers, Deniz Dokmecioğlu (11) said, "Singing Valentines is a time where kids are able to take a break from classes and laugh. It's refreshing and fun for everyone involved.

Classes and students openly welcome Singing Valentines and it creates a more relaxed and judgment free environment. My favorite part of Singing Valentines is the joy and pleasure it brings students. It's a cheerful reminder of the talent and kindness at LHS, welcomed by students and teachers alike."

3. Walk Away: Rohan Seth (12), Jonathan Ollendorf (12), Duncan Maloney (11), and Tristan Goodell (10) make their way through the hall between Singing Valentine deliveries.

Harvard Homeless Mission

Nana Lee and Christopher Chung are co-presidents of the Harvard Homeless Mission Club. The club is dedicated to helping our neighbors in need by making care packages filled all kinds of things from chips and bottled water to handmade cards. Nana and Christopher worked to help the club's founder, Sandy Han, and the community. Members racked up hundreds of hours of community service and made a second home for themselves while serving others in their club.

THE FUTURE, AND BEYOND

What would you miss most about this club when you graduate?

"I will miss knowing I have this community that I can help the bigger community with," Nana Lee said. Another club member, Christopher Chung (12), said, "I'll miss the little inside jokes and comfortability we had working and serving together. Just being ourselves, having different personalities, people coming together but having the same goal."

Nana and Chris led the club and welcomed new members. Sally Choi of the Harvard Homeless mission said, "Even outside of the club setting they are good people to talk to for advice and have a good personality."

Did you hear the Tech Crew at work?

Before opening night, a lot of work is done behind the scenes by the Tech Crew and Costumes Team. Costume Team member Nicole Liao (11) said, "We draw up a bunch of detailed designs and see what we can work with in our closet. Our budget isn't enough to buy a whole bunch of new things we want so we get creative with materials from past shows and making new things by hand. It's a lot of trial and error, vending machine breaks, and sweat that makes the show come to life."

Did You Hear Our Talents?

The National Honors Society hosted the Talent Show, an opportunity for students to showcase their talents, on Jan 13. Toshio Yuki, who played "When I was Your Man" on the piano, shared his process for preparing for the show. Yuki said, "Picking the song was easy since I've always enjoyed singing to Bruno Mars. To prepare my performance, I practiced the piano part which I found [in] a tutorial on YouTube and sang in the shower a lot. It took a while to do both the singing and piano simultaneously but it was so gratifying when I finally pieced them together. At the event, I was extremely nervous because I hadn't performed in front of the crowd for so long but everyone was so supportive and cheering for me. There were even flashlights being waved in the background, which helped a lot. It was also very entertaining watching everyone else showcase their impressive talents and I had such a great time interacting with them backstage."

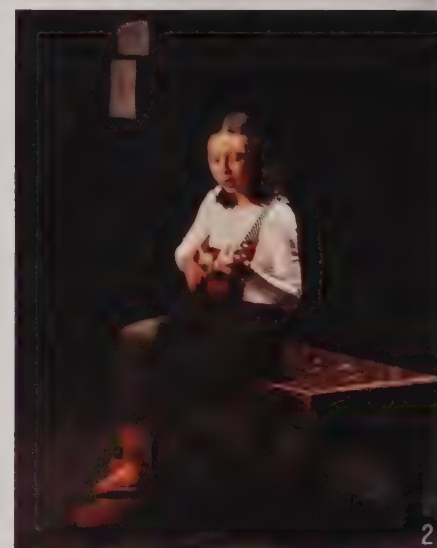

THEATER

Students gathered to watch Winter Fest performance.

Winterfest showcased the original work of students. Included in the show were *Key Lime Pie*, a play written, directed, and performed Anna Kefalas (12), an original song written and performed by Ellie Caro (12), and a performance by the Improv Troupe.

Dear Future Us was the final presentation of the evening. Vivian Kerr (12), an actor said, "I love Winterfest because it brings a whole bunch of people together that might typically be separated into cast/tech in productions such as the play and musical. I also love that it is devised by the cast which means we are able to cater it to our own stories. This year the cast was pretty senior heavy and we wrote the play while deep in college apps. I feel like because of that communal experience in our lives we were able to create a performance that acted like our goodbye letter to Lexington, LHS, and our younger selves, and it ended up feeling very cathartic."

1. Break a leg Henry Beverly (11), Vivian Kerr (12), Alexa Boyes (11), Delia Tsouvalas (9) prepare for their scenes.
2. Musical Charm Ellie Caro (12) plays the Ukulele. Caro said, "Performing at Winterfest is one of my favorite events because I get to debut my songs to such a supportive and uplifting group of individuals. It is an experience I will always cherish."

WHAT WAS YOUR FAVORITE PART ABOUT WINTERFEST? DID YOU HEAR WINTERFEST?

ACADE

From the first bell at 8:30 to last bell at 3:10 everyone's attention turns to academics. We engage in everything from labs to writing essays to using quadratic equations to creating music and art. There are no limits.

On a regular school day in the middle of March, you might hear students in Mr. Davis' Biology class sharing their thoughts during "Philosophy Phriday."

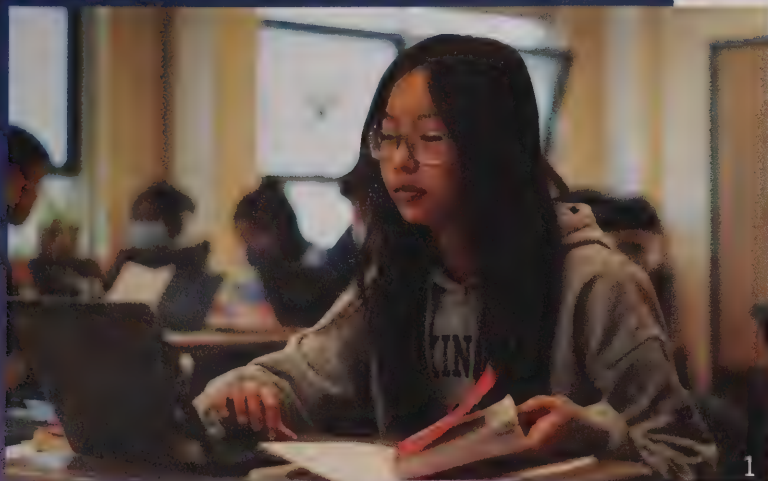

Maybe you've just sat down in the Main Building ready to take a test after hours of studying when an announcement comes on about making sure you "donut" miss Community Conversations in Room 176.

Or perhaps you've just begun the day in Dr. West's Math class as Derman sits in the front of the room bringing a smile to everyone's face after a test.

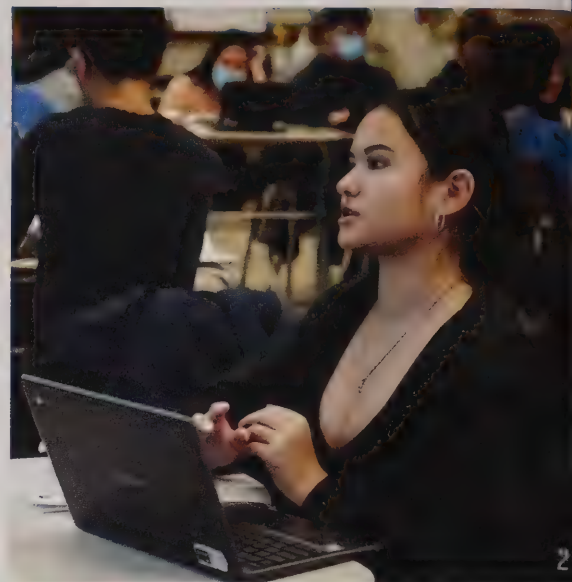

Let's jump into the classrooms where knowledge is gained, concepts are understood, and future leaders are shaped.

HERE, WE DEVOUR WORDS

In English class, we read some of
THE GREATEST PIECES OF LITERATURE -

Shakespeare, *The Great Gatsby*, *The Scarlet Letter* -
and composed some of our own.

Out of school, students continued this process by
WRITING for the school paper, creating poetry during
I-block, learning about Feminine Empowerment
throughout literature, and more.

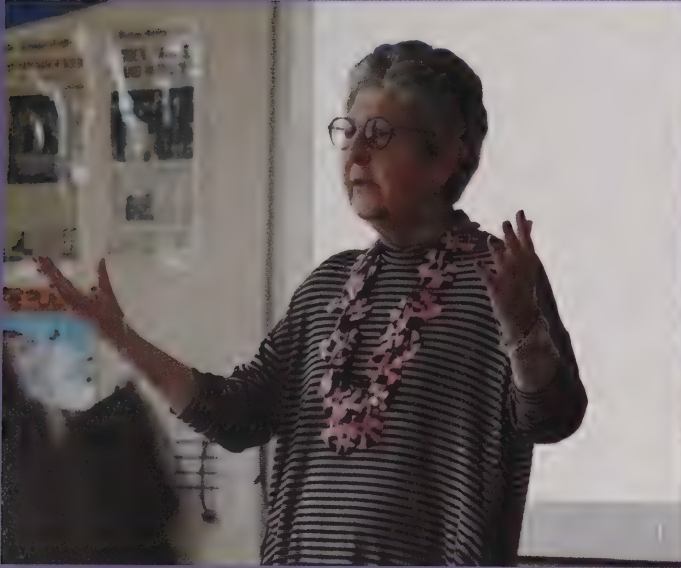

Mrs. Jane Day, the English department head, said, "In
December, four English teachers and nearly 40
students participated in an I-block event to create
black-out poetry. Using pages from
soon-to-be-recycled texts from the English book
closets, students sculpted poetry from the words
found therein.

Some students were such **ENTHUSIASTIC POETS** that
they took pages home to craft more on their own. The
thoughtful and creative products have lived in the
display case in the main corridor all winter. It was
a **JOYFUL AND ENERGIZING EXPERIENCE** for all. "

OUR SCHOOL'S SCIENTISTS

The Science Program offered all kinds of opportunities outside the classroom. Teams competed nationally in events like Science Bowl and individual students were invited to the International Science and Engineering Fair (ISEF). Nagamitesh Nagamuralee (12) said, "It was amazing to present my research to the judges and my peers. Their deep questions pushed me to analyze my work even more and speaking to engineering judges gave me great insight into the field and increased my passion for engineering. Seeing the other projects were really cool and I was astounded by the amount of work and the various topics everyone worked on." Daniel Jung (11) was a Science Bowl captain and expressed that he had to work through a lot of changes this year. Jung said, "There's been a lot of uncertainty this year with time conflicts and [a] changing regionals schedule so I'm proud of everyone sticking through it."

The World Language Program went well beyond classroom walls. Some students had the opportunity to practice their language skills abroad. During February vacation an exchange group visited Paris and Geneva while another group toured Spain. Cuyler Kahan (12), who traveled to Spain said, "The Spain trip was a really exciting and meaningful experience. We spent over a week traveling through Madrid, Salamanca, and more, visiting a lot of historical and tourist sites as well as experiencing Spain like a local. This trip was especially unique because of the immersion aspect. All tours were conducted entirely in Spanish as well as our classes during the week in Salamanca and it really enriched my Spanish skills. Most blocks during the day you could hear the sound of music coming from the Auditorium and Commons area practice rooms. No matter what other interests students had about half of the school was involved in the music program. There were opportunities open to all as well as those requiring audition to join with the most coveted being membership in the Wind Ensemble. Mr. Jared Cassedy, K - 12 Performing Arts Director, conducted the Wind Ensemble. Mr. Cassedy said, "It is my distinct honor and privilege to work with these incredible musicians and amazing human beings... It's not just music, it's through music that we are able to exercise and develop these skills that are

applicable to all facets of our lives. I can't think of anything else better than this."

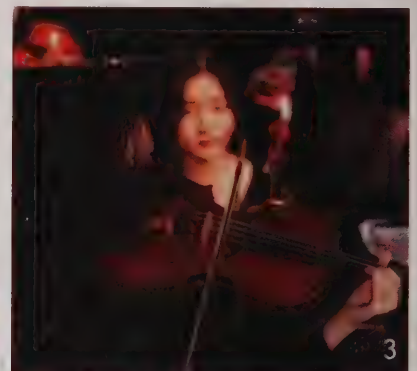

Younger players from elementary and middle schools were inspired by high schoolers when they participated in the annual All Town Winter Band Concert. Flute player Darren Huang (11) said, "The Winter Band concerts are special events where bands from across Lexington gather for two nights of beautiful music-making. For the LHS wind ensemble, these nights are an opportunity for us to display our passion for music-making and to showcase all of the progress we have been making - not just as individual musicians but as a community."

thoughts on the season from the team

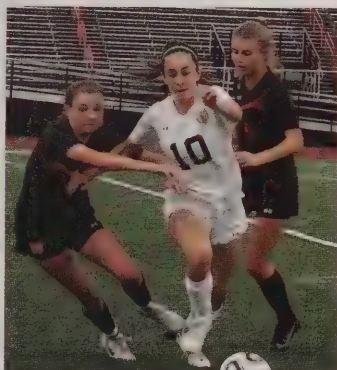

Goalie Madeline Parks (12), "This year was my first year on the team. I tried out just for fun but ended up earning the starting spot as goalie. Over the course of the season, I made a lot of new friends, reconnected with this sport I had not played for years, and got the chance to play it four more years collegiately. I will never forget this experience and I am so glad I tried out."

Senior Captain Sophia Coe (12), "I've had an awesome time on this year. Throughout the years, I feel like I learned a lot - not only about soccer but also about things like teamwork, community and the importance of having an outlet just to reset. With that being said, I definitely think one of the greatest rewards of this program is the amazing friendships that I have made."

Midfielder Hope Sheth (11), "Going into this year's season, no one believed that we were going to be any good due to how many seniors we lost. We proved them wrong and ended with a 12-3-3 record, the best record in years. That was only possible because of our team's chemistry and the immense support given by our new head coach, Coach Sideman."

Forward Adeline Favazzo (11), "Coming into the season surrounded by supportive coaches and teammates, I knew that this season would be special. I ended with 12 goals and learned that anything is possible with a great team like this."

BONDED BROTHERHOOD

Naresh Vytheswaran (12) slide tackles the attacker. Vytheswaran said, "I've been in the soccer program since I've been a freshman. I've gone from the Freshman Team to JV to Varsity so I've been with most of these guys four years. I think what people don't get to see is how much of a family we really are. We fight and yell but we all get along so well that spectators who watch the game get to see that connection carry onto the field. The brotherhood that this program has created is something that no one should take for granted...The best memory of my four years in the soccer program definitely has to be our playoff run in the fall of 2021. The way everything was clicking, we had the whole school supporting and even driving an hour away just to watch us play. The bond created in that run was so crazy. I remember storming the field on the opening playoff game after a late winner to sitting on the field crying after we lost the semifinals. The whole experience was surreal and it's something I wouldn't trade for the world."

STARTING SOLO, ENDING AS A FAMILY

Claire Cunningham (10) joined Cross Country in middle school because she liked to run but soon realized that Cross Country was much more than that. Coffee runs after practice, vibing to music with the team, and team dinners before meets sealed the deal for her. Saturday long runs and running in small groups were bonuses. Because of all the time the team spent together, Cunningham felt as if she was part of an extended family. Being part of a team provided her with a feeling of belonging.

ALL HANDS ON DECK ON THE ROAD TO SUCCESS

"For me, Cross Country was always more about the team dependency than the actual running. Because of the way it's scored, the team can't succeed unless everyone succeeds; one superstar can't do all the work for everyone else. As my role on the team has become more important, I've realized the importance of building a bond off the course that will pay off on the course and I think that's what it really is all about for me. I improve when the team improves and that's why I love Cross Country."

Guiding the Gridiron

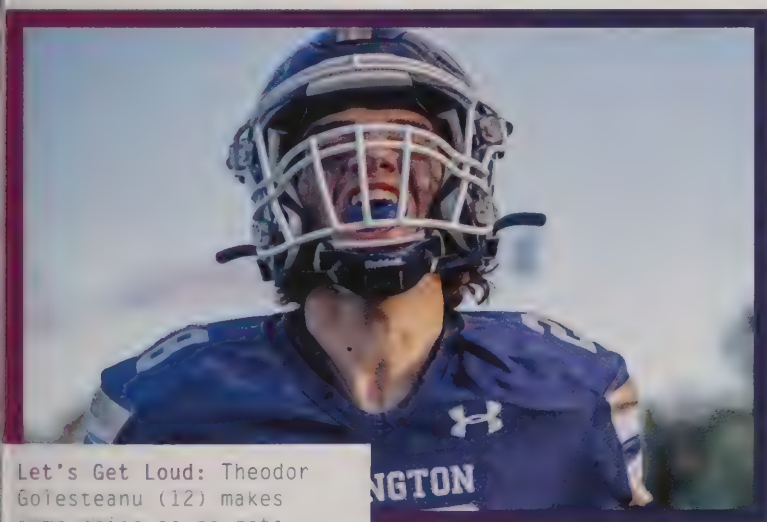

Head Coach Shane Wilson guided the team throughout the season, sticking with them every step of the way. According to Wilson, the seniors' experience with the program was unique. He said, "This year's senior class was instrumental in laying the groundwork for the future of Lexington football. Their four years of Lexington football were unlike any others. They dealt with coaching changes, an international pandemic, and persevered throughout it all."

A Game of Lessons

The benefits of being a team member were more than just perfecting swimming skills. Sophia Hennig Tomasio (12) said, "I have learned so many life lessons through swimming. A motto our coach has reiterated and stood by since I was a freshman is 'mental toughness.' It's the idea that your resilience and strength begin with yourself and pushing yourself physically begins with pushing yourself mentally. Waking up at 5:30 in the morning every day was no easy task. It was all worth it for the reward of being League Meet Champs. Not only did this lesson apply in the water but in my academics as well. With the challenges of high school, learning how to navigate stress and problems through a mental toughness lens allowed me to succeed in school. The lessons I have learned through high school swim are invaluable and I will always remember the importance of having 'mental toughness.'"

4. Senior Day: Sophia Hennig Tomasio (12), Aneya Prakash (12), Parker Gruskin (12), Ashley Zhang (12), Allison Ferrell (12), Anna Zaniolo (12), and Audi Lin (12) (not pictured) led the team to a winning season. The girls made it to the playoffs undefeated going 10-0 in the regular season after a final 93-70 win over Stoneham that crowned them as the 2022 Middlesex League Champions.

Captain Jayden Bai (12) celebrates after placing first in the 55m hurdles at the Middlesex League Championships. Asked how running for Lexington changed his high school experience Bai said, "Unlike other sports, from the very first days of standing up the line where kids ask each other what their PRs are, track and field teaches athletes to be defined by the number of seconds they can run a race. The coaches at Lexington provide a support system that promotes being a value based athlete, which means abandoning the obsession of what the clock says after a race and instead focusing on how I've overcome personal challenges, become a better teammate, or how I've grown as a person compared to last year. This mindset approach has applied in other areas of my life that involve success and has allowed me to handle challenges in a sensible way."

On February 25 seniors Jayden Bai (12), Justus "Jake" Wheaton (12), Alexios Kontothanassis (12), and Brannndon Uda-Thach (12), won the State Championship with a time of 1:30.00 in the 4x200m relay. This time broke the school record from 2016 and qualified the team for the Indoor National Championships. The Boys' Team ran an undefeated season, winning all five of their dual meets during the regular season.

8. Smashing Records: Allen Jaing (12) launches the shot 54 feet 7.25 inches breaking a 47 year old school record. He was also the only team member to qualify for Nationals in the shot put.

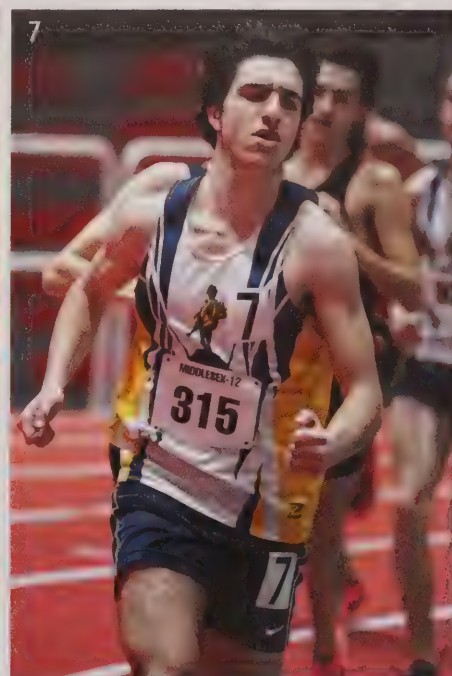

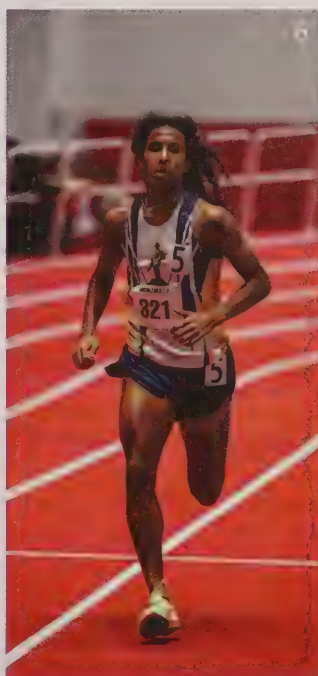

9. Tossing Tons: Captain Jack Ngo (12) places sixth at the competitive Boston Holiday Challenge throwing the 25 lb. weight 54 feet 5 inches. Ngo threw a personal best 59 feet 6.25 and qualified for the New Balance Indoor Nationals.

5. Dashing to the Finish: Brannndon Uda-Thach (12) anchors the record setting 4 by 200 meter relay.

6. Dazzling with Distance: Nayan Das (11) competes in the mile at the Arlington dual meet. Das led the team with a season best of 4:33.48.

7. Rounding the Bend: Nicholas Chipashvili (12) leads his heat of the 600. With a season best of 1:31.38, Chipashvili qualified for the Middlesex league meet.

FAVORITE HIGHLIGHTS & MEMORIES

SEASON BESTS

BASKETBALL

"Our basketball game against Belmont at home; it was a close game heading into the fourth quarter. I remember we started clicking, finding each other open and hitting shots, playing great defense and we went on a run to close the game out and win." *Samuel Davis*

INDOOR TRACK

"At JV Championships I had massive PRs in both the 55m hurdles and long jump. I took second meet overall in hurdles and improved my jump by 11 inches." *Ashley Roney*

SOCCER

"Playoff game vs Winchester at home. 1-0 win."

David Ketruff

SWIMMING

"The first meet of the season, I swam the 200 freestyle and it was really memorable because I was able to improve my time a lot and I even won the race. This moment will stick with me forever and it started the season off on a good note."

BASKETBALL

"My most memorable game was the Woburn JV basketball game when we came back from down 20 to win in the last minutes."

Maxim Buzhko

FOOTBALL

"Thanksgiving game was the most memorable game of the year. Playing in front of former LHS students and football players was more enjoyable than I thought it would be." *John Kibicki*

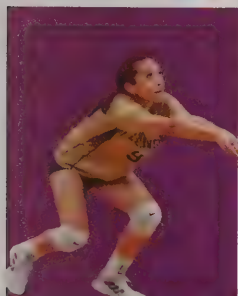

SOCCER

"My most memorable moment this season was our goal in our first playoff game. When Antonio scored, hearing the noise and seeing the scenes was just amazing. It was a great atmosphere that was created for us and it helped us get the win. The support our team had in that moment was something that I will never forget." *Andrew McDaniel*

SOCCER/TRACK

"We beat Winchester for the first time in a long time for soccer and both the girls and boys won Middlesex League for track!"

Caroline Kunt

SOCCER

"Soccer game vs. Arlington - we scored game winner last second. We beat our rivals in front of varsity." *Charles Rye*

HOCKEY

"When the JV puck team beat Andover, coach Datolli took us to Wendy's and got us Frosty's. It was a very enjoyable experience and really brought the team together." *Colin Farn*

INDOOR

"My most memorable meet this year was when both the boys and girls teams won the Middlesex League Team titles. It made my senior season special to win the title and watch all my best friends' hard work pay off. Thanks to our athletic director, Naomi Martin, we were able to compete at the world-class TRACK at New Balance where we set the meet record of most amount of team points scored on the boys' side, cementing ourselves as the most dominant Lexington Indoor Track team against Middlesex League history. The atmosphere at the track was electric and I couldn't have imagined a better outcome of my last indoor league meet." *Jonathan Bell*

2023 MIDDLESEX LEAGUE-12 BOYS SWIMMING CHAMPIONS

MIDDLESEX LEAGUE-12 GIRLS AND BOYS INDOOR TRACK AND FIELD CHAMPIONS

HOCKEY

"The first game of playoffs against Waltham - it was at a very cool rink [at] Bentley. Their [were] a lot of people there from both towns and the whole venue was something super special. When we got to the rink it was empty and it was really cool to just visualize what we thought the game was going to be like. I don't think anyone on the team thought the game would be that exiting and when we ended up winning after the game we all realized how special a game it really was." *Aidan O'Sullivan*

WRESTLING

"My most memorable match this year was in the finals of a tournament I won. I had never won a tournament and won 4-3 in the last 20 seconds. It was very important to me because it was a milestone that I had finally achieved after two years." *Dillon Morris*

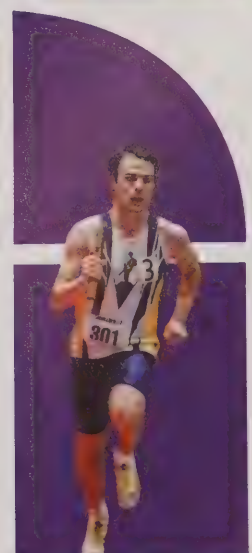

2023 MIDDLESEX LEAGUE-12 BOYS BASKETBALL CHAMPIONS

PODIUM SWEEP FOR SHOT PUT AT O1 CHAMPIONSHIPS

INDOOR TRACK

"The most memorable meet for me this year had to be the indoor league championship. Both our girls' and boys' teams won by a lot and our boys' team set the record for most points scored at the meet. Personally, I had a huge PR in the long jump. After barely scraping into the finals, I jumped over a foot further than I had that season and half a foot further than I ever have and went from ninth going into the finals to finishing second place." *Michael Gordon*

VOLLEYBALL

"We had a game against Winchester where we won the first set but lost the second so it was up to the third set to see who would win the game. We started down a few points but went on a run and were able to make a comeback to win. It was a great game." *Sebastian Green*

SOCCER

"The most memorable game from the soccer season was the game against Melrose where Jay scored an unreal bicycle kick from around 25 yards out. It was the best goal I've ever seen and it was such a surreal moment that I'll never forget." *George Stewart*

CROSS COUNTRY

"William Fletcher capped off his sophomore XC season with a personal record of over a minute. With a time of 18:12 he placed 16th overall in his race." *Griffin Strickland*

We are a school of over 2300 strong. We come from all over the world with many different interests and talents to join in this special community that is Lexington High School.

Walk through the hallways on any given day and hear conversations happening in many different languages.

Listen to the chatter of friends discussing weekend plans, vacation trips, tonight's dinner, or yesterday's game.

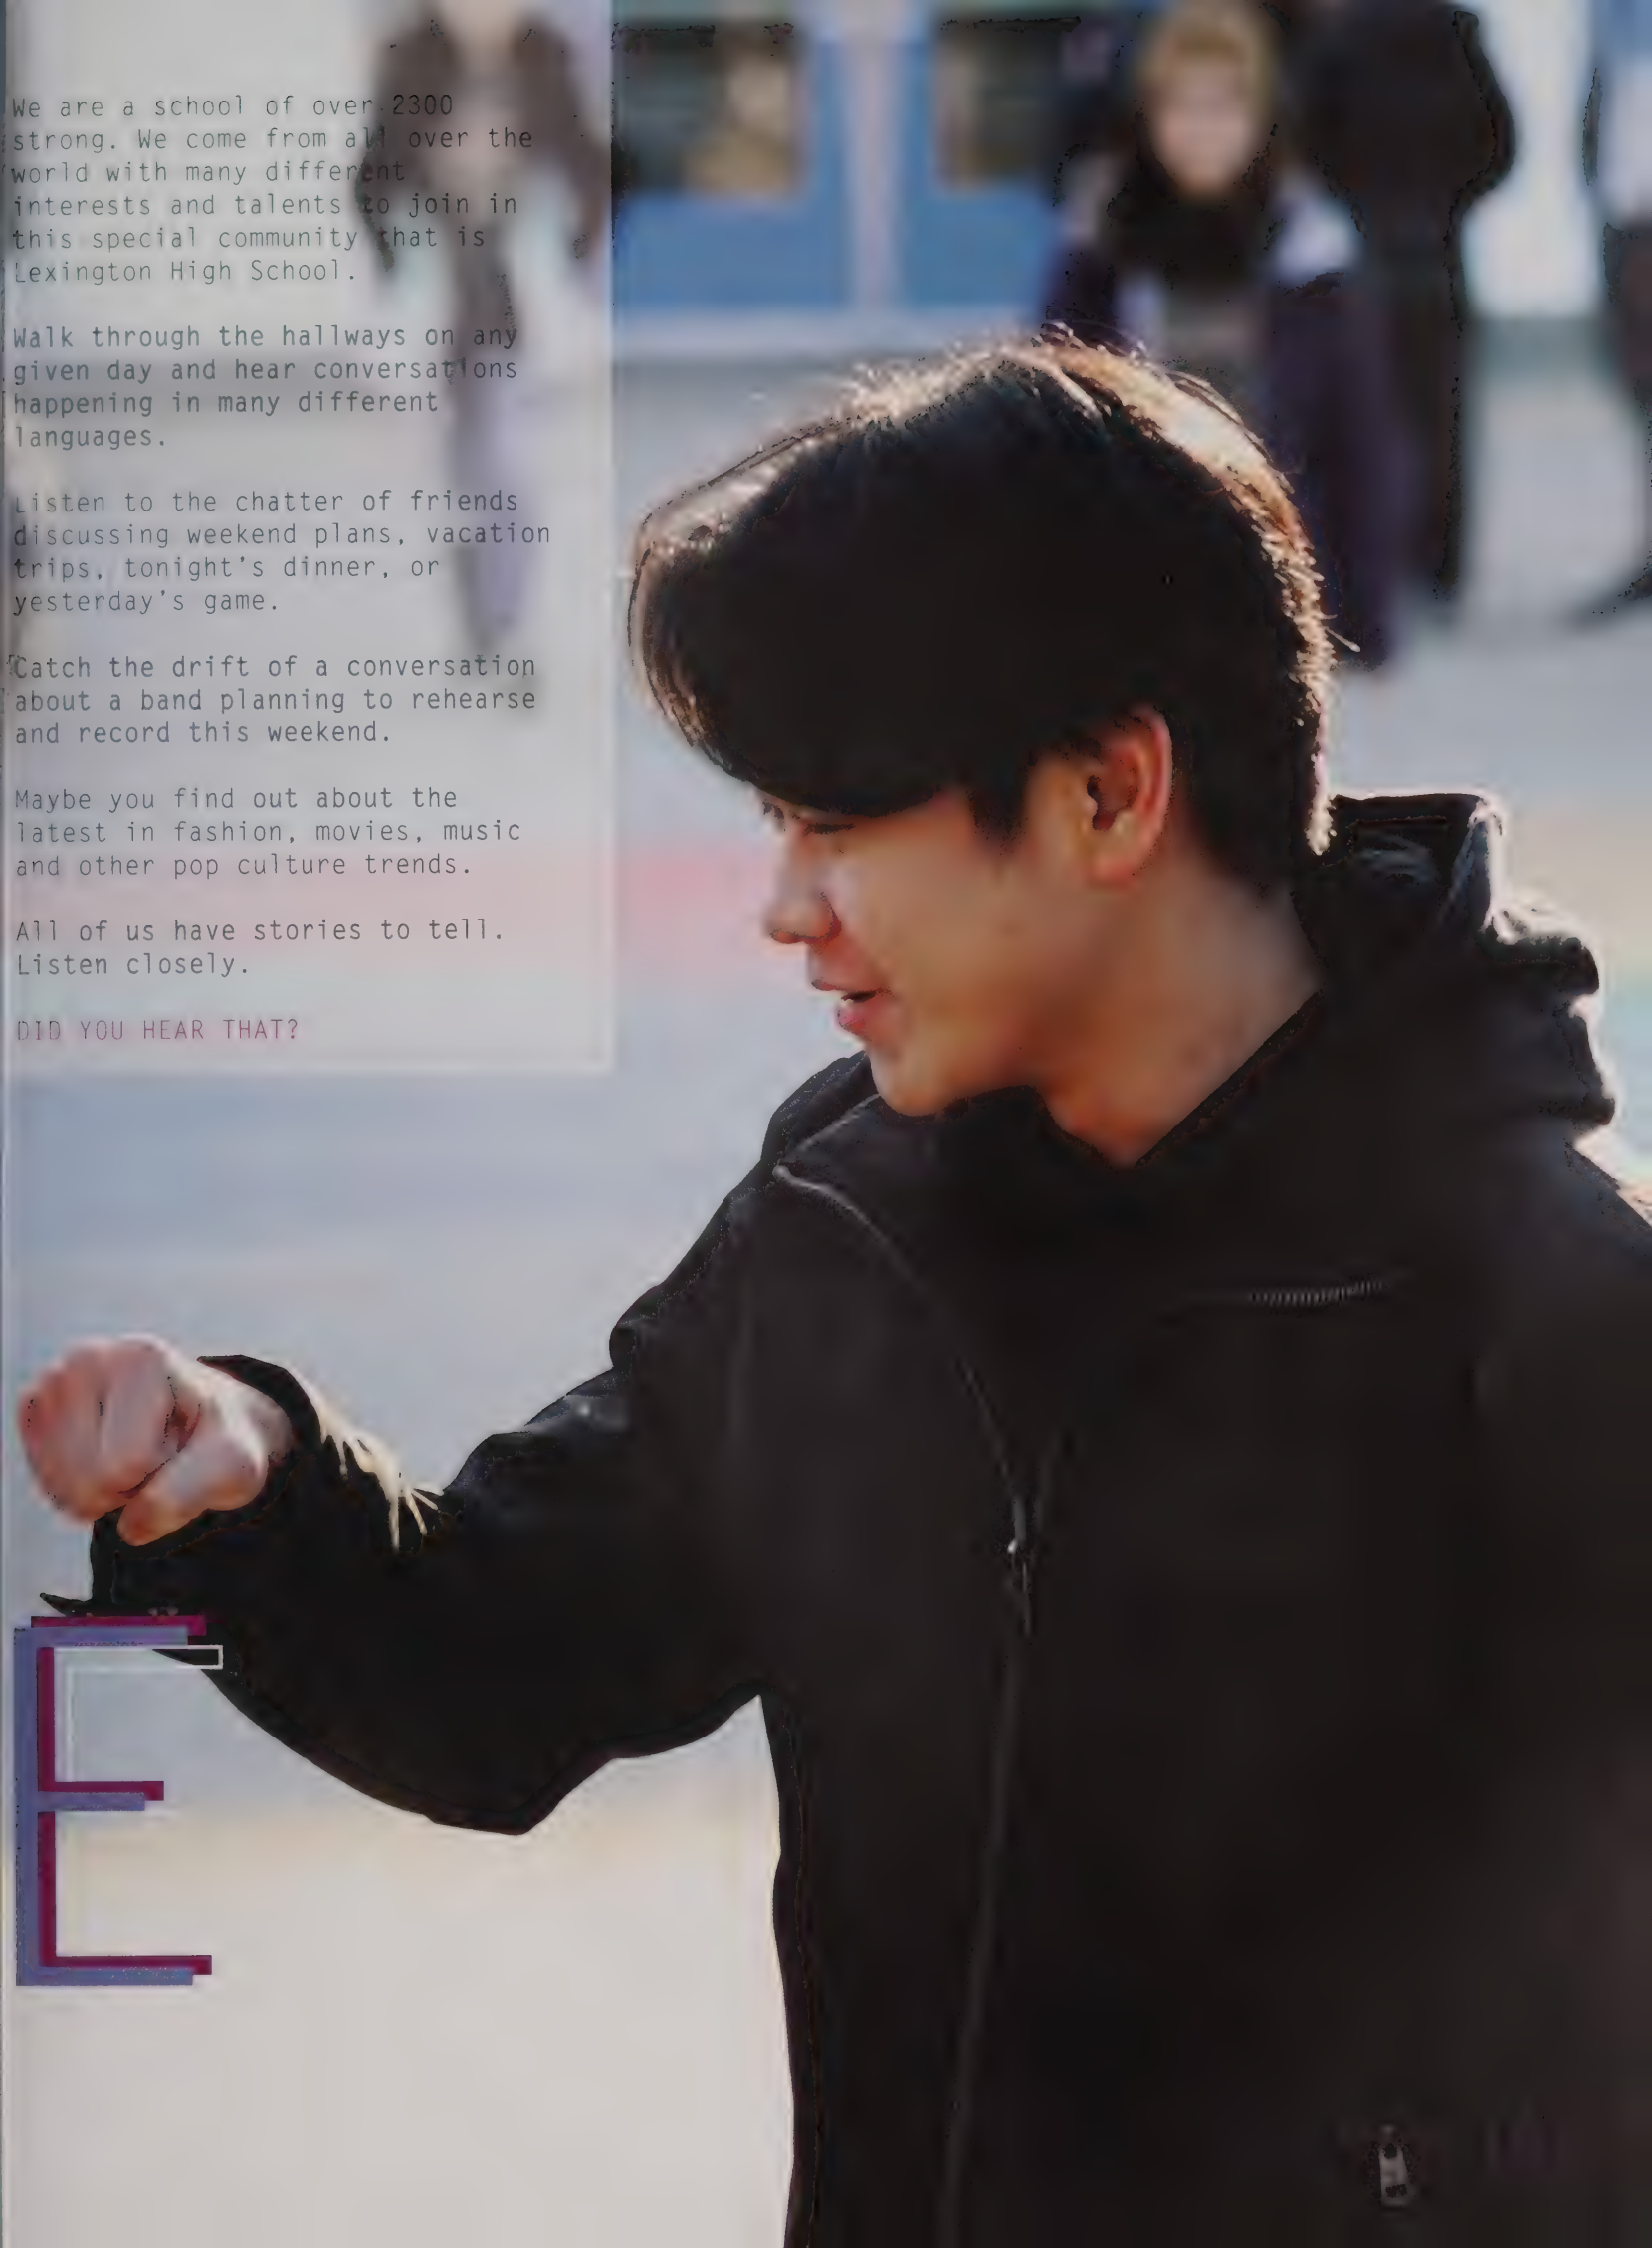

Catch the drift of a conversation about a band planning to rehearse and record this weekend.

Maybe you find out about the latest in fashion, movies, music and other pop culture trends.

All of us have stories to tell. Listen closely.

BEST TIMES

What was your
favorite memory at
LHS this year?

"My favorite memory in
school this year was
the Activities Fair.
Standing amid total
chaos in the Quad,
screaming to get new
sign-ups with my
friends was a blast."

Eric Han (12)

MAJOR MOMENTS

What was your most memorable moment at LHS?

"My most memorable moment in LHS is when the fire alarm went off during lunch and everyone in the Commons tried to pretend it wasn't there until we all let out a collective sigh. There was a thirty-second interval afterwards where no one got up because everyone was stuffing the last bits of their lunch into their mouths until the teachers told us to get out. I think that was really almost the first time I really felt a sense of community united in our love for lunch break."

COLLEGE ADMISSION INFLUENCES

What types of voices have you heard as you were going into the college admissions process?

"Since I am not good at talking fondly of myself, my family took up the role of explaining who I am as a person. The abundance of information from my family can be a lot sometimes but I am still thankful to have a completely supportive family."

"My junior year English teacher, Mr. Olivier-Mason, gave me advice on my Common App essay. He expressed how I could tie the essay back more to myself. Following this advice, I just lay on my bed searching my mind for supplement essay ideas."

PASSIONATE

What is one of your passions?

"One of the best decisions I made this year was to re-join the Swim Team after not participating in it during junior year. Although it certainly took a lot of willpower to wake up early and go to swim practice before school, the experience and fun I had throughout the season made up for it. I especially enjoyed meeting many new people and swimming events that I normally do not swim during club season."

FOLDING YOUR FUTURE

What is one of your favorite skills?

"One of my skills is Origami. The beauty of an origami model is not only in its minuscule detail but also in the motivation of the artist and how they bring the paper to life. Origami is also a tool for efficiency and innovation in spacecraft, the biomedical industry, and more."

Reflecting on Past Memories

What is one of your favorite memories/traditions you have with your team/club/group at Lexington High School?

Abigail Schwartz (12)

"I joined the Crochet Club knowing absolutely nothing about crocheting. I remember the first time I went being really nervous but I ended up having a really great time. I kept going and gaining new skills and it was just so nice to relax and socialize without it being about grades or college."

Naresh Wytheswaran (12)

Naresh Wytheswaran (12)

"Being an actor in SADD Club's Haunted House the Friday before Halloween. It has always been super meaningful to be a part of something that brings so much joy to our community. I love SADD Club."

Hana Kan (12)

"My most memorable memories at LHS were with my chem class. I remember struggling pretty badly but I always had my friends to help me out in our late night study sessions. I also remember the secret snowflakes that we did for the Holidays. Our chem class was just such a close-knit group."

MUSIC FROM THE HEART

What music do you like?

"My favorite artists are BTS. I like music because it evokes strong emotion. I feel really relaxed when I listen to music. It calms me when I feel angry or sad. Music lets me recharge during the day."

PLANNING FOR THE FUTURE

What was the best piece of advice you heard during the college admissions process and how did it help you?

"I think all seniors can agree that the application process is a very exhausting experience. With that, I think that getting a head start on essays in the summer and staying as productive as possible is important. Additionally, just staying positive throughout the process. Like I said, it's exhausting and has its ups and downs but if you push through, you will achieve success in the end."

FACING REALITY

What is best advice you have been told about high school?

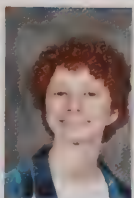

"The best advice that I have been told about high school is that you shouldn't dwell on a bad grade for more than two days. Before I heard this I would oftentimes stay hung up on bad grades for a really long time and sometimes it would distract me or make me think about giving up. Giving yourself a short period of time to acknowledge what you did wrong is good so that you can improve but without the two day cap I think worrying only becomes a hindrance in future learning."

FALLING IN LOVE WITH FALL

What's your favorite
season of the year?

"Nothing can compare
to fall colors, when
nature looks like a
piece of art. The
slight breeze but not
too cold weather is
perfect to go on
walks. Comfy sweaters,
Halloween, and apple
picking are all
reasons to fall in
love with fall."

WISE WORDS

What is the best advice that you've gotten?

"The best piece of advice that I have ever gotten is to stop overthinking things and it is something that my dad always says to me. It made me a better person because I spent a lot of my time doubting myself and now I feel like I am able to be a better and more happy person by not thinking so much."

FAVORITE TIMES

What is your favorite thing to do in Lexington?

"One of my favorite things to do in Lexington is go to Starbucks and order my drink under a random name. It usually gets a good laugh out of the people working there and it is pretty effective at letting me know that my drink is ready. Currently the name in my Starbucks app is 'Quack Quack,' and I usually put the name 'Mr. Tomatohead,' 'The Bagel Maestro,' and 'Room Temperature Potato.'"

REACH FOR THE STARS

What are you hoping to accomplish?

"This is a tough question only because I feel like there is so much one can accomplish in their life but what I'm hoping for in the future is obviously, you know... to make money... but I also hope that whatever I do has an impact on someone's life. I'm grateful for whatever I accomplish in the future. I just hope that whatever I create can make someone laugh, heal, feel encouraged, comforted, and happy. I want people to know I care and that my work is sincere, meaningful, and honest."

BEST TIMES

What is one of your favorite memories from this year?

"One of my favorite memories from this year was the haunted house organized by the SADD Club. It was really cool to see how the Lexington Community Center was transformed and the effort everyone put in was amazing. The fully decorated haunted house was awesome and I loved seeing everyone's reactions when I took them through the haunted house and how happy the kids were to paint their pumpkins."

AIMING SKY HIGH

What is the best advice that you've received?

"The best advice I have gotten is shoot for the stars because the worst that can happen is you reach the moon. This piece of advice inspires me to be ambitious because even if I don't achieve my goal, at least I would have learned new things."

A WORLD OF DEBATING

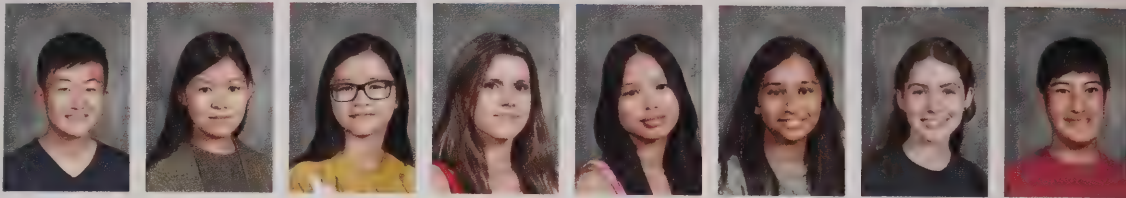

What's your favorite topic in school?

"My favorite class is debate. I like how low-key it is; nobody has to worry about getting good grades or whatever. I also like how debate is somewhat similar to a mind game - it's fun just to think up random arguments that could be thrown at you in-round and then refuting them, too. As for the people, I really like our TAs and our varsity mentors, I think they are really helpful and nice, and also I think they play a major role as to why debate is so enjoyable."

GREAT ATMOSPHERE

What is your favorite thing to do in school?
"My favorite activity in school is probably chorus. I love the community because everyone is so lively and welcoming and we can all joke around with each other so easily. I find it so amazing how many opportunities we have as choral students to travel, perform, and learn about singing. I always look forward to when I have Chorale."

HITTING THE GARDEN PARQUET

What is something that people don't know about you outside of being a teacher?

Cameron Tabatabaie

"When I'm not teaching I cover the NBA and the Boston Celtics. Good writing can go a long way."

WISE WORDS

What is a motto that you go by or appreciate?

"A motto that I appreciate is 'a 79 is still a B-' because the grade was never an accurate representation."
Amir Davis

SPORTS, A CULTURE

What is one of your passions outside of teaching?

"One of my passions outside of teaching is sports. I grew up playing sports. I have been coaching high school sports for over 20 years and now I coach my children's teams. I have also been a big fan of the local professional teams too. I have always thought sports were a great microcosm for life - working hard with teammates to achieve a common goal. There are a lot of life lessons that can be learned by being part of a team."

HEARD

that!

This year was transformational. We were on our way to returning to life at school as we knew it before COVID, We felt whole again,

As the year began we were upbeat and full of anticipation. We eagerly awaited all that was to come.

We hit goals no one thought we ever could - just ask the "Bomb Squad" Allen Jiang (12) Kaden Cassidy (12) and Captain Jack Ngo (12) at the D1 Championships.

We staged performances that brought the audience to their feet. The NHS talent show contestants heard the applause.

We listened and we learned, from AP Chem with Dr. Andriy Barchuk to the art of essay writing from the wisdom of Ms. Day.

We convened with our old friends and walked the halls with new ones.

Were you listening?
Did you hear it all happening?
Let's run it back and rewind.

4. Slippery Success: The Junior Varsity Boys' Soccer Team celebrates the end of their 17-2-2 season on a rainy October afternoon. The season marked the beginning for Coach Ilir Ujkaj and Marc Chedid (9) was crowned the leading goal scorer with 14 goals. 5. Planting the Flag: Graham Schrodel (10) stands with teammates at the Clipper Relays. The boys came in tenth out of 128 teams and the girls came in fifth out of 91 teams at the meet.

To the book of 2023, I treasured every memory I created with my loved ones throughout the year. As members of our community contribute their experiences to this book to document remarkable moments, it has become better and better every year. I'm incredibly honored to have worked with my fellow editors to create this book as the photo editor. My final year at LHS, and I believe we've successfully chronicled our four years of growing up. As a senior, there were many challenging moments but I still made it through the year. Thank you to everyone who helped with the production of this yearbook. It was a long process but we managed to finish it. I want to thank Ms. Wallen for assisting me and working with me to make this dream. When I read this book's conclusion and look back on the events, I realize the people that entered our lives, I find myself remembering as I flip through the pages. Shout out to all the seniors, we made it. Congratulations to the class of 2023! I will miss you all and hopefully my underclassmen.

LETTER FROM YOUR EDITOR-IN-CHIEF

When I joined the yearbook club last year as a freshman, I had my eyes set on picking up where my brother had left off in 2018. Working through numerous challenges from getting quotes to nailing a description, the staff and I really came in clutch when it mattered most to create this year's book and I could not be more amazed with the results. Noticing their hard work and dedication to the book I cannot go on with giving a thank you to each and every staff member. I really appreciate your energy and openness to trying new things. To our editors - Cindy, Hawraa, Vikram, Jongmin, Graham, and Josh - it was such a pleasure working alongside you as you did your thing day in and day out. And last but not least, thank you to our adviser Ms. Wallen and our tremendous yearbook representative Susan Happel for your immense support and guidance in making the 98th edition of the LHS yearbook.

I joined the yearbook staff as a freshman. I always had been one of my high school friends to become part of the yearbook — collecting a small collection of stories around the school for a year and transferring them into a yearbook and that is why I feel excited that to be preserved for life. It's truly a magical experience to directly interact with the essence of our school and even more astonishing to think that I am the one who is directing the essence to be shared with all. This position had been the first yearbook that I went through the complete process of planning a theme to the design to making one during the school year, and the book wouldn't have been brought to you as it is now without help from Mr. Vellies, Susan Hoppel, and Aidan Ghayspoor. In all, I hardly interact with students from other grades but to the yearbook job, I meet diverse people from experienced seniors to passionate freshmen. On a daily basis, I was half-acknowledged but interact with a small group of friends, I hardly knew anything about school jobs. However, in the yearbook club, I am well-known, I know about everything around school, from people who attend their first freshman dance party to when and where all our school events take place. For the magical take place, this 2018 edition of the yearbook aims to share the yearbook experience. Did you hear that? It's the answer to your very telling you about everything about how you possibly should listen to our editors about what happened around the school year. Congratulations class of 2022, and I will see you again next year!

thoughts from our
design editor

Seungju "Gandy" Lee

Were you one of the freshmen and sophomores who wandered through the Quad during the Activities Fair, listening to the cacophony of club leaders from about 150 organizations trying to entice you to join up? It was electric.

Have you ever paused in the main hallway right in front of the auditorium during a practice session? If so, you've likely enjoyed the sounds of the Wind Ensemble playing Shostakovich, among other things.

If you were in the building on December 22, you heard the announcement come over the PA saying that school would be canceled the next day for a Snow Day and you most definitely heard the cheers of the entire school - teachers and students alike - erupting through the hallways.

Pause for just a minute and listen to the sounds of our year.

Three Cheers, Lila!

You amaze us! Congratulations on this splendid achievement - only you know how hard it truly was, but we know how wonderfully you took it on. Look back in pride; look forward in determination and optimism; we'll be with you always!
- Mom, Dad, The Famz

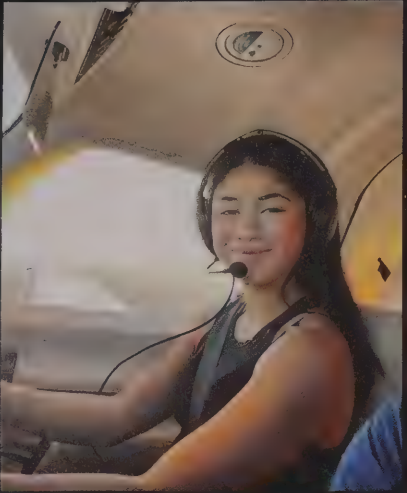

EMMETT JAMES CULLINAN

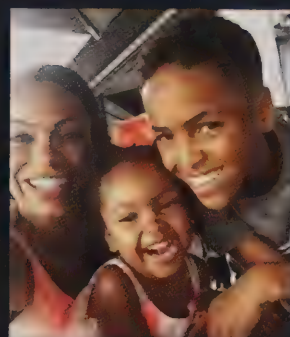

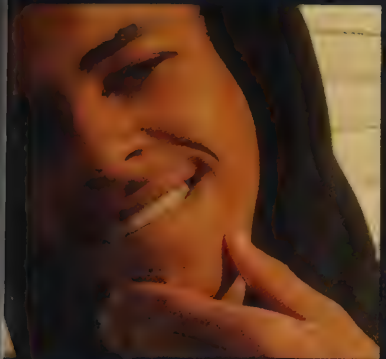

Son, we closed our eyes for a moment, and now a man stands where a boy used to be. You've given us so many reasons to be proud. We'll always be your biggest cheerleaders. Congratulations on all your hard work!
With much love, Mom, Dad, and Erin

Emma Bellotte

Congratulations Emma!

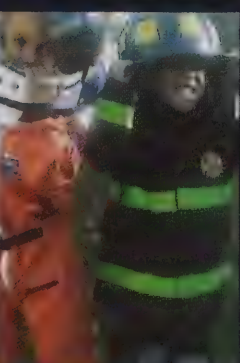

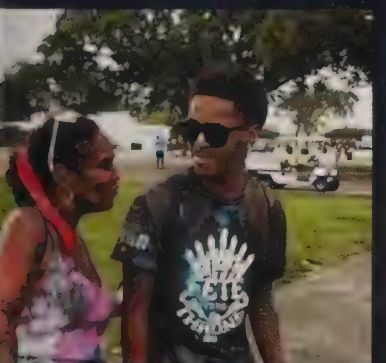

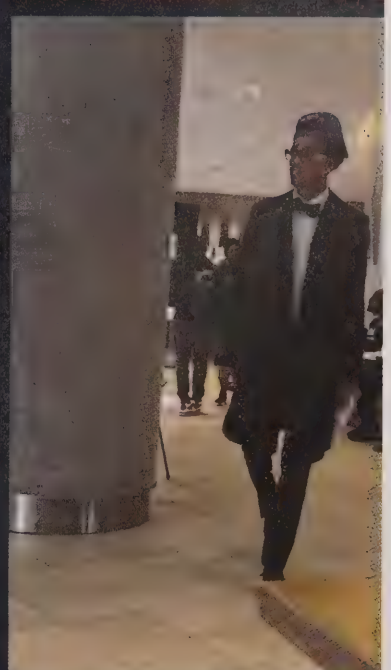

Xavier

Your innocent eyes had seen so much, yet you still persevere and kept smiling. Be proud! From me coaching you, to you coaching Zoey. Be proud! Your growth is inspiring, and your energy is infectious! Xavier, we are for sure incredibly proud of you and all that you have accomplished. Remember to never give up and give yourself grace when things get tough. While you will venture into the next chapter by yourself, I will always have your back, front and side. You are destined for greatness young King. Be proud! You did it!

Love, Mom and the village

Aayush

We Are So Proud of You!

May you achieve the unachievable and soar to unexplored heights of success and happiness.

Love and Blessings,

Mom, Dad, Aanya, and Grandparents

Luke Johnson

"Intelligence plus character—that is the goal of true education."

Martin Luther King Jr.

We love you and are so proud of you every day!

To Our Sophie,

Every room is brighter, every project is more creative, every joke is funnier, and every outing is more fun when our Rosebud is a part of it. We can't wait to read the next chapters of your "Sophie Stories" in the years to come. We love you lots and we're super proud of you!

Love, Mom, Dad, & Abby

Samuel Simon

Congratulations! It seems just yesterday that you were entering kindergarten, and now you are graduating from high school.

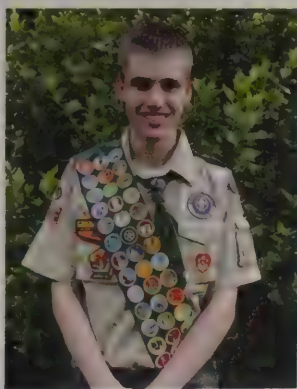

We are extremely proud of you!

"Also I heard the voice of the Lord saying, 'Whom shall I send, And who will go for Us?' And I said, 'Here am I! Send me.' " ~ Isaiah 6:8

"Creativity is seeing what others see and thinking what no one else ever thought." - Albert Einstein

Congratulations Mira Anand Nayak and LHS Class of 2023

SO MANY ADVENTURES TOGETHER, AND SO MANY
MORE TO COME.

WE CAN'T WAIT TO SEE WHAT YOUR
NEXT CHAPTER BRINGS.

WE LOVE YOU AND WE ARE SO PROUD OF YOU.
MOM, PAPA, INDRA, AND SURIN

TOBY TING

You always bring your unique energy to everything you do. You aren't content to just sit back and let life happen - you want to be a part of it, and you always make sure everyone else is, too. Your infectious enthusiasm and sense of humor have brightened the lives of those around you. You're also one of the most inspiring people we know. You have an incredible work ethic, intense loyalty, and a heart that's bigger than the moon. You're going to continue to make a difference in the world, one laugh and one accomplishment at a time. And we'll be right there beside you, cheering you on every step of the way.

With love & admiration,
Mom, Dad, & Zoë

COLOPHON

The Revolution is the 2022-2023 Lexington High School Yearbook of Lexington, Massachusetts.

It is the school's 98th volume. The book contains 212 pages of vivid color photography to document the nooks, crannies, courts, and stages of our school. 32 pages of supplemental content will follow in order to include spring events. Our thematic perspective this year is Did You Hear That? We've endeavored to listen to the many sounds - from whispers to yells - that our student body registers and the impact made by those student voices.

The book was published in Kansas City, KS, with the support of representatives Susan Happel and Missy Miller and their in-plant support team, too. The Revolution was produced using the web application eDesign, a Herff Jones proprietary software. The cover was created in collaboration with graphic designer Ashley Joiner. The cover is an ultra white material treated with four-color lithographic printing and an anti-scuff matte lamination. Our endsheets are a vibracolor white recycled paper.

We used the font family of AHJ Letter Gothic throughout the book for our headline treatments, articles, captions, and mods.

We often echoed the text to imitate audio reverberations, and we also pulled graphics from our sound-wave inspired cover. Our color palette was also directly taken from our techy cover.

Professional portraits, sports photos, activities photos and school function photos were provided by Barksdale Studios. The majority of photos used in this book, however, were taken by the yearbook staff; in addition to what you see, we have another 13,000 photos representing life in our school. We used Canon EOS Rebel T3i, T5i, and T8i cameras and other equipment belonging to both the school and individual students. We thank everyone who contributed content to this book and generously shared their imagery with us. All copy was written by an editor or staff member.

The LHS Yearbook is a member of the Columbia Scholastic Press Association (CSPA), the New England Scholastic Press Association (NESPA), the American Scholastic Press Association (ASPA), and the Quill and Scroll Society.

Importantly, The Revolution is produced by a volunteer student club. Every minute spent designing, writing, photographing, and web sleuthing was precious time given by the staff to build the book you now hold. We hope you devour the photos as well as their captions and our articles. We hope you've heard our voices in the pages of this book.

COLOR PALETTE:

A heartfelt thank you to the generous families who sponsored our program through wellwisher donations. This money is used to supplement the cost of books for seniors who may not be able to afford one. We thank you!
